

*"I have always had an interest in the stars and our universe. With the Bright Scholarship I was able to get a closer view and to learn how it all works."
2011 Bright Scholarship Recipient*

2017 Deborah, Leslie, and Christopher Bright Achievement Fund Scholarship Application

Estimated Scholarship Amount: \$2,000

The Bright Achievement Fund was established by Dr. Harold J. Bright and Janice W. Bright of Largent to honor the gifts and dedication of schoolteachers everywhere, but especially those of their three children Deborah Bright, Leslie Bright and Christopher Bright. The general purpose of the Bright Scholarships is to afford high school students (grades 9-12) in Morgan and Hampshire Counties hands-on experience in STEAM-based subjects (Science, Technology, Engineering, Arts, and Math).

A Bright Scholarship may be used for costs associated with participating in your proposed activity and may include a stipend*, dependent on substantiated need.

Previous recipients have used a Bright Scholarship to attend the Astronomy Camp at Alfred University, the At First Sight music camp in Collegedale, TN, the Fallingwater Architecture Camp in Mill Run, PA, and a Neuroscience in Health and Disease pre-college course at Brown University. You are strongly encouraged to think "out of the box" and propose your own specific ideas for scholarship support.

Criteria – You must be a resident of Morgan or Hampshire counties in West Virginia, currently in high school (public or homeschool) grades 9-12, and must exhibit recognized talent, motivation and achievement, as well as outstanding grades and/or recommendations, in STEAM-based subjects (Science, Technology, Engineering, Arts, and Math; *arts may include literature, performing arts, media arts or visual arts*). For example, we will consider scientific research and/or training under a research director at a laboratory in a college or university, private company, or federal or state agency. Perhaps you have long wanted to perform an experiment to test an idea you have developed. Now might be the time to try it! As a musician, dancer or artist you may wish to propose to study with an outstanding teacher to develop your brush or pas de deux techniques, or expand your concerto repertoire, or perhaps be trained in the use of new digital video technology. The costs associated with a summer camp or workshop could also be considered. We urge you to try to be creative and original. This scholarship is not intended for post-secondary education.

To apply for a Bright Scholarship, complete the attached application and submit it along with the items listed below (see Application Checklist). Your statement describing the opportunity for which you would use the Bright Scholarship should be at least one page, double-spaced, and should include dates and associated costs.

You will be interviewed by a selection committee. If your proposal involves the performing, media or visual arts we shall ask to hear or see your work.

Reporting – A report detailing your experience will be required at the completion of the internship or period of instruction funded by the scholarship. The report shall be no less than one page and should include an overview of the concepts you learned and how you have applied or might apply what you learned.

Payment – Payment is typically made directly to the institution or individual providing your instruction/internship. If you request a stipend as part of your award, payment will be made directly to you upon receipt of an acceptable final report.

*A stipend may be requested when participation in proposed activity will result in lost wages or if assistance is needed to cover living expenses in order to participate. The request must be accompanied by evidence of financial need (copy of parent's most recent tax return) and verification of employment (pay stub, letter from employer, or name/phone number of supervisor).

2017 Bright Achievement Scholarship Application

(Save this Application to your hard drive or Cloud storage prior to filling it out electronically)

Section I — Personal Information

Name: _____ Email: _____

Permanent Address: _____

Home Phone: _____ Cell Phone: _____

Name of Parent(s)/Guardian(s): _____

Section II — Academic Information

High School grade you will enter in the fall of 2017: (check One) Freshman Sophomore Junior Senior
